## Plan Introduction

#### Plan Last Edited 06/04/2010

Plan status: approved
Years Included in the Plan: 2010 - 2013

Number of years covered by the plan: 3

Years Approved for the Plan: 2010 - 2013

Number of approved years: 3

#### Does the district file E-Rate? yes

The district had a "written" plan before E-Rate Form 470 was filed on 01/12/2010.

#### **Technology Planning Committee**

Special thanks go to these people for their active participation and contributions in the completion of this Technology Plan:

Wendy McMullen - Principal - Carl Schurz Elementary

Melissa Garffer - Teacher - Carl Schurz Elementary

Richard Bartholomew - Community Member - Carl Schurz Elementary

Norma Cowan - Teacher - OakRun Middle School

David Heefner - Teacher - OakRun Middle School

Denise Byars - Counselor - Walnut Springs Elementary

Mary Ellen Yonker - Librarian - Walnut Springs Elementary

Brandon Tucker - Parent - Lone Star Elementary

Cynthia Leslie - Teacher - Lone Star Elementary

Kristen Gaylord - Campus Tech Aide - Memorial Elementary

Shirley Cabada - Librarian - Memorial Elementary

RJ Roper - Teacher - Klein Road Elementary

Leah Droddy - Teacher - Klein Road Elementary

Ben Mathews - Teacher - County Line Elementary

Jennifer Anaya - Teacher - County Line Elementary

Stacy Domanski - Teacher - Seele Elementary

Michelle Simmonds - Teacher - Seele Elementary

Audrey Barber - Interventionist - Lamar Elementary

Kathryn Blake - Teacher - Lamar Elementary

Greg Lynch - Parent - New Braunfels Middle School

Amber Heitkampf - Teacher - New Braunfels Middle School

Jackie Simmonds - Teacher - New Braunfels High School

Julie Estes - Teacher - New Braunfels High School

George Berry - Teacher - New Braunfels High School

Cathy Linebarger - Teacher - The Learning Center

Dee Oliver - Technology Department Secretary

Mike Nott - Director of Technology

Jeffrey Lee - Information Systems Manager

Kari Cooper - Instructional Technology Specialist

Carol Cochran - Instructional Technology Specialist

# **Executive Summary**

Today's students naturally infuse technology into the way they think, work, play and communicate. The versatility and innovation of this technology provides a perfect platform of learning and thinking in a 21st Century society. It is through this platform that New Braunfels ISD will challenge, motivate, and inspire our students. NBISD

recognizes the need to develop teachers who are capable of creating such an environment. As a district we will provide our teachers with a strong foundation of technology resources, professional development, and ongoing instructional guidance so that they will be able to engage learners, promote discovery, and empower our students. Through this paradigm shift, we will intellectually challenge our students to effectively create, communicate, collaborate, and connect to their own learning.

#### Purpose

Background

The New Braunfels Independent School District Long-Range Technology Plan has been developed to communicate a common vision for technology in the district and establish strategies that will unite emerging technologies and student centered education to improve academic achievement for all students. This plan will also help build the capacity of all teachers to integrate technology effectively into curriculum and instruction. NBISD has prepared this Technology Plan as a guideline to cover all areas of technology during the 2010-2013 time period. Due to the ever changing nature of technology, the plan is designed to embrace both current and emerging technologies, and will serve as the framework for future technology expansion while addressing district goals and objectives.

This plan is based on information drawn from many sources including:

- A review of the literature to identify best practice
- An inventory of school site hardware and instructional software
- The STaR Chart survey completed by campus administrators, library media specialists, and class room teachers
- Planning sessions with District Technology Committee, which has representation from campus teachers, administrators, community members, media specialists,

district curriculum specialists and technology personnel

- Technology plans of other like districts
- Budgets for technology including local, state, and grant funds
- District level assessment (Student Tech Assessment, Technology/Campus Needs Assessment)
- Visits to other technology leading districts
- Online educational resources (Partnership for 21st Century Skills, Edutopia)

#### **Parameters**

This Long-Range Technology Plan is driven by the state curriculum standards, the No Child Left Behind Act of 2001, and supports the educational mission and instructional

goals of New Braunfels ISD. Specific attention is given to addressing student standards for technology as defined by the Technology Applications Texas Essential Knowledge

and Skills (TEKS), required in the Texas Education Code, Section 28.002. The Technology Applications TEKS found in 19 TAC Chapter 126 describe what students should know and be able to do using technology. As a part of the enrichment curriculum, these TEKS are to be used as guidelines for providing instruction. The goal of the Technology Applications TEKS is for students to gain technology-based knowledge and skills and to apply them to all curriculum areas at all grade levels. This plan stresses the importance of ongoing and sustained staff development in the

integration of technology into the curriculum for teachers, principals, administrators, and school library media personnel to further the effective use of technology in the classroom and library media center. It also is consistent with the recommendations for LEA's as defined by the Texas Long-Range Plan for Technology in the areas of Teaching and Learning, Educator Preparation, Leadership and Development, Administration and Support Services, and Infrastructure for Technology, as well as the e-rate applications guidelines and other state standards, such as Technology Applications Standards for Beginning Teachers.

#### Vision Statement

All students in New Braunfels ISD will achieve proficiency in evolving technologies to support communications, critical thinking/problem-solving, creativity, interpersonal

skills, global awareness, economic/social responsibility and civic literacy.

#### Mission Statement

Through the use of information and communication technologies, New Braunfels ISD will engage, nurture, and challenge all learners to achieve academic and future excellence.

# **Needs Assessment**

#### **Assessment Process:**

Assessment Process:

New Braunfels ISD has 12 campuses: one high school with grades 9-12, two middle schools with grades 6 - 8, eight elementary campuses, and one school that consists of a DAEP (District Alternative Educational Placement) campus and a School of Choice for high school students. A comprehensive needs assessment utilizing surveys, focus groups, inventories, and the completion of the Texas Campus STaR Chart was conducted to analyze the current status of technology in the district and determine future needs. Items

analyzed included: infrastructure, hardware, software, programs, courses, student achievement, technology resources, staff development, and technical support.

#### **Existing Conditions:**

Technology Resources

The following resources are provided:

- Subscriptions to online resources for teachers and students including databases and encyclopedias (Digital Knowledge Central, GAIL Group, Britannica Online, Texas Math and Science Diagnostic System).
- Online Latin courses for high school students.
- Video Streaming from Discovery Streaming.
- AR and STAR reading programs.
- A+ Learning Systems for Credit Recovery.
- Successmaker, Waterford, and Read Naturally systems in place for math and reading intervention.
- Digital cameras, scanners, video cameras, and digital projectors for checkout.
- Library access to adult literacy resources on the web for all community members.
- Microsoft Office 2007 or iWorks 09 on every computer.
- Various instructional software accessible by all teachers includes:

Inspiration/Kidspiration, Inspired Data, Comic Life, KidPix, iLife 09 (iPhoto, iMovie, Garageband, iDVD), Learning.com

#### Staff Training

The following technology staff development is currently in place:

- All teachers are required to take the Texas Teacher STaR Chart survey each year.
- Proficient teachers in the district provide training to other teachers.
- Summer Training opportunities are available for teachers on a variety of topics including courses to receive G/T update hours, multimedia, online resources,

Podcasting, and more.

# **Technical Support**

The following technical support is currently in place:

- Three full time computer technicians are employed by the district for 4400 machines.
- One phone systems technician.
- Technical support requests are submitted to the technicians by the users via a communication ticketing system. The technicians respond according to need.
- Technical support agreements are purchased with instructional software packages and new hardware purchases.
- Each campus has at least one full time Technology Aide.

#### **Current Situation**

The following technology is currently in place:

#### District-Wide

- Tipping Point Intrusion Protection system (helps in preventing spyware, p2p sharing, hacking attempts, Trojans, Worms, and reconnaissance attacks).
- Packeteer system monitors and shapes network traffic leaving and coming into our network.
- CISCO Intrusion Detection system.
- CISCO Cache engine for quicker access to multiple hit web pages.
- District wide SUS server for Microsoft update delivery to PC workstations.
- District wide Symantec server for workstation virus protection update delivery

system.

- VPN Access for administrators.
- PIX firewall.
- UPS systems in all MDF locations with temperature monitoring and pager alerts.
- Radius and TACACs AAA Authentication for security.
- Wireless 802.11 A,B, and G compliant.
- Region 13 content filtering.
- District Gig backplane with Category 5 enhanced gig to every workstation.
- Tier 3 level district backup including RAID Drives and tape carousel systems using retrospect licensing.
- All Servers using RAID, Fault Tolerant, and Hot Swappable technology.
- Video Security DVR system at HS and Middle School (installed and designed by NBISD Maintenance Director).
- District is on NBISD owned private fiber optic lines.
- In house telephone and voicemail system with E 911 alert.
- FirstClass Communication Systems which allow for electronic mail as well as electronic collaboration.
- Subfinder web based substitute scheduling system; district wide food service reporting and software.
- ITCCS financial and student data management.
- Video production studio for Channel 98 to the city of New Braunfels.
- Distance learning equipment qty 3
- Video Streaming server for district wide instruction oriented delivery.
- Direct connection to the Internet via a 40 Meg fiber optic pipe through AT&T to our Region Service Center.
- District web servers in place providing comprehensive district information and student work.
- District networked PBX telephone system that connects all buildings in the district.
- Each campus is currently connected to central voice and data hubs via fiber optic cabling.
- Direct connection to the Internet via fiber optics.
- Written policies in place on acceptable use of the Internet, Website content, network management, and equipment donations.
- Professional Development management system, including online professional development.
- Online Course Delivery system
- Intranet student testing and special education database delivered via FileMaker Pro.

#### New Braunfels High School

- Direct connection to the Internet via fiber optics
- Web site maintained by designated teacher with high school information.
- Gigabit switched LAN with nearly 850 computers and 5 servers for student and teacher use.
- Offices and every classroom equipped with digital phones and voicemail.
- Computer-ready 32" televisions in every room connected to a CATV system with cable access to 16 channels. Media Extreme for scrolling school information. DVD players are available for checkout.
- Eight computer labs where classes are taught in Career and Technology as well as Technology Applications.
- Multipurpose lab for teachers to bring their classes to use 30 networked computers.
- Broadcast Journalism class that hosts daily live morning announcements.
- Large Group Instruction room with electricity and data to support 85 participants in an auditorium setting with a state-of-the-art presentation station.
- Networked online card catalog, Internet access, and automated checkout in the library.
- 47 computers in the library for student research.
- Peripheral equipment is available for teacher check out.
- Tx Gradebook, an application of ITCCS, is used for grades, attendance, progress reports, and report cards.
- Two wireless mobile laptop carts available for checkout.
- · Wireless access across the building.

#### The Learning Center

- Direct connection to the Internet via fiber optics
- · Web site maintained by the staff.
- Gigabit switched LAN with nearly 100 computers.
- Offices and every classroom equipped with digital phones and voicemail.
- Multipurpose lab used for Credit Recovery and advancement through A+ LS, consists of 46 computers.
- Tx Gradebook, an application of ITCCS, is used for grades, attendance, progress reports, and report cards.
- One wireless mobile laptop cart available for checkout.
- Wireless access across the building.
- Mini lab for student use.

New Braunfels Middle School and Oak Run Middle School

- Direct connection to the Internet via fiber optics
- Web site maintained by campus technology aide.
- Gigabit switched LAN with over 500 computers at NBMS and 300 computers at Oak Run. NBMS has 3 servers and Oak Run has 2 for student and teacher use.
- LAN provides for at least five network drops in each classroom.
- Offices and every classroom equipped with digital telephones and voicemail.
- Two computer labs for Multimedia and Technology Applications classes at both

New Braunfels Middle School and Oak Run Middle School.

- One Synergistic Lab at each campus.
- One Media Lab near the library at each campus designed for student collaboration. These labs have 30 computer stations, a scanner, a networked printer, and a data projector.
- 12 computers in the Middle School library and 10 computers in the Oak Run library.
- Networked online card catalog, Internet access, and automated checkout in the libraries.
- Peripheral equipment such as digital/video cameras, scanners, data projectors, document cameras and science probeware are available for teacher check out.
- Tx Gradebook, an application of ITCCS, is used for grades, attendance, progress reports, and report cards.
- Two wireless mobile laptop carts available for checkout at each campus.
- · Wireless access throughout each building.
- Media Extreme system for campus communications delivered through head-in equipment.

#### Elementary Campuses

- Direct connection to the Internet via fiber optics.
- Web site maintained by designated campus staff.
- Gigabit switched LAN with over 250 computers at each school. Each elementary campus has at least 1 server for student and teacher use.
- LAN provides for at least five network drops in each classroom.
- Offices and every classroom equipped with digital telephones and voicemail.
- Each library has 7-10 computers.
- Networked online card catalog, Internet access, and automated checkout in the library.
- Peripheral equipment such as digital/video cameras, scanners, data projectors, document cameras and science probeware are available for teacher check out.
- Gradebook, an application of ITCCS, is used for grades, attendance, progress reports and report cards
- Wireless laptops available for checkout at each campus.
- Wireless access in some places in the building.
- All elementary schools have at least one networked computer lab
- Each campus has a Technology Aide.

# **Technology Needs:**

Technology Needs:

New Braunfels ISD desires to raise the bar for all teachers to fully integrate technology into the curriculum. The goal is to provide opportunities for each student to actively participate in their learning through the use of new instructional technology devices, that will ultimately lead to a restructuring of classroom parameters. In order to obtain such a standard we must:

Maintain district curriculum frameworks aligning technology TEKS for each grade level/core curriculum area.

Provide additional opportunities through Staff Development classes, both face-to-face and online, that enable teachers to learn how to integrate technology into their curriculum with an emphasis on student-centered learning with project-based activities or collaborative projects.

Provide additional classroom technology such as: mounted classroom projector, interactive devices, mobile learning devices, and/or computers, in addition tofuture promising technologies.

Continue infrastructure maintenance agreements for network hardware which provide connectivity on district owned fiber and telecommunication systems.

Upgrade Wireless infrastructure across the district in order to fully support additional classroom technologies.

Evaluate the potential upgrade for video/head-end delivery system district-wide.

# Goals, Objectives, and Strategies

# GOAL 1: Enhance teaching and learning through the use of technology.

#### **OBJECTIVE 1.1:**

The district will aim towards having all students attain technology proficiency and academic excellence.

3.1.2:	The District Technology Committee will develop a public district wide technology exhibit where exemplary trends and practices will be demonstrated by students and teachers.  LEALRPT Correlates: LAS07, LAS10, LAS15, TL12, TL15	State: Original Status: Planned	2010- 2013	Technology Curriculum Integration Specialists, Technology Department, District Technology Committee	Meeting agendas, Flyer for event
3.1.3:	NBISD will create, maintain and update a district website which serves as a portal of information for students, parents, district personnel and the community. The website will also include campus websites, employment information, and services for adult continuing educational opportunities.  LEALRPT Correlates: I03, I08, LAS13	State: Original Status: In Progress	2010- 2013	Technology Department, Public Information Office, Campus Administrators	Visual online updates
3.1.4:	NBISD will seek opportunities to collaborate on parent education/adult literacy opportunities through community education and West Side Community Center.  LEALRPT Correlates: I02, I03, LAS13, TL09	State: Original Status: Planned	2010- 2013	NBISD Community Education, Communities in Schools	Agenda, Activities planned and completed
3.1.5:	NBISD will create a District Technology Committee comprising of staff, parents, and the community. This committee will collaborate to analyze and prioritize the technology needs of the district.  LEALRPT Correlates: LAS02, LAS07, LAS13	State: Original Status: Planned	2010- 2013	Technology Department, Campus Adminstrators	Agendas and minutes from meetings

## **OBJECTIVE 3.2:**

All campuses will use will utilize technology as a tool to access and maintain student records on a district wide networking system.

Budget Amount \$36,000.00

LRPT category: Leadership, Administration and Support

E-Rate Correlates: ER02 NCLB Correlates: 04b, 08, 11

Strateg	rategies State/Status: Tim		Timeline:	Person(s) Responsible:	Evidence:
3.2.1:	All staff will update student records using an intranet database system with support, which allows for analyzation of student's performance and future academic growth. This system is currently being delivered using FileMaker Pro. Service will be evaluated on a yearly basis.  LEALRPT Correlates: LAS08, TL04, TL07	State: Original Status: Planned	2010- 2013	Technology Department, Campus Administrators, Teachers	District wide management system in place, database updates
3.2.2:	All campuses will track and analyze student performance on state and local benchmarks. This process will be accomplished using an online database which maintains student testing information. Analyzed data will be used to make decisions regarding student growth and performance.  LEALRPT Correlates: LAS08, TL04, TL07	State: Original Status: Planned	2010- 2013	Curriculum Department, Campus Administrators	Purchase orders, usage reports
3.2.3:	All teachers will maintain student grades by utilizing an online gradebook, which parents and students can access online. This process will be evaluated and updated as needed.  LEALRPT Correlates: LAS07, LAS11, TL04	State: Original Status: Planned	2010- 2013	Technology Department, District Testing Coordinator, Teachers, Campus Administrators	TxGradebook entries, Report Cards, Progress Reports

#### **OBJECTIVE 3.3:**

Staff will utilize electronic productivity tools to meet the needs of a changing work force and global economy.

Budget Amount \$45,000.00

LRPT category: Leadership, Administration and Support

E-Rate Correlates: ER01 NCLB Correlates: 09, 12

Strategies		State/Status:	Timeline:	Person(s) Responsible:	Evidence:
3.3.1:	All staff will utilize electronic processes to communicate student progression, including email, library information, grades, newsletters, and emergency information.  LEALRPT Correlates: LAS09, LAS13	State: Original Status: Planned	2010- 2013	District personnel, Technology Department	Teacher email history, website updates
3.3.2:	Electronic workflows and signatures will be implemented into department/campus paper environments. This includes teacher appraisals, work orders, employee information, and other requested forms. The district has made scanners available to all campuses and employees.  LEALRPT Correlates: LAS10	State: Original Status: Planned	2010- 2013	District personnel, Technology Departmen	Current PDF forms posted online, Email histor
3.3.3:	All campuses will utilize and maintain a library and textbook automation system, with technology upgrades and support.	State: Original Status:	2010- 2013	District personnel, Technology Department,	Library systems report

## **GOAL 4: Infrastructure for Technology**

#### **OBJECTIVE 4.1:**

Equip all current campuses with the technologies to meet the needs of growth and emerging trends.

Budget Amount \$2,049,333.00

LRPT category: Infrastructure for Technology

E-Rate Correlates: ER01 NCLB Correlates: 05, 06, 12

Strateg	ies	State/Status:	Timeline:	Person(s) Responsible:	Evidence:
4.1.1:	Ensure that all campuses have a dynamic technology environment in every classroom which includes a mounted ceiling projector and a powerful teacher computer workstation. This environment will provide a foundation for technology and professional development growth.  LEALRPT Correlates: I01, I09, LAS03	State: Original Status: Planned	2010- 2011	Technology Department	Purchase orders, and physical equipment in classrooms
4.1.2:	Ensure that all campuses have up-to-date and accessible computer labs to accommodate campus technology needs.  LEALRPT Correlates: I01, I05	State: Original Status: Planned	2010- 2013	Technology Department	Purchase orders, physical equipment in labs
4.1.3:	Plan and implement a new wireless system to accommodate the expansions of mobile technology.  LEALRPT Correlates: I01, I02, LAS01	State: Original Status: Planned	2010- 2013	Technology Department	Purchase orders, updates to MDF/IDFs
4.1.4:	Plan and implement a video delivery system that utilizes the foundation of technology that is already in place in the classroom.  LEALRPT Correlates: I01, I09, LAS01	State: Original Status: Planned	2012- 2013	Technology Department	Purchase orders, updates to MDF/IDFs

#### **OBJECTIVE 4.2:**

Develop and maintain a versatile infrastructure that meets the needs of the students, staff and district.

Budget Amount \$2,575,250.00

LRPT category: Infrastructure for Technology

E-Rate Correlates: ER01 NCLB Correlates: 05, 06, 12

Strateg	ies	State/Status:	Timeline:	Person(s) Responsible:	Evidence:
4.2.1:	Meet a schedule for computer supplement and replacement cycle of 7 years.  LEALRPT Correlates: I07	State: Original Status: Planned	2011- 2013	Technology Department	Written plan and purchase order
4.2.2:	Continue to study the initiatives and developments in Texas one to one computing. Plan for eventual implementation into New Braunfels ISD.	State: Original	2010- 2013	Curriculum	Publications, Site visits, Reports to DTC

0/20/2010	NEW BRAUNFELS ISD Technology Plan:				
	LEALRPT Correlates: I04	Status: Planned		·	
4.2.3:	Support an infrastructure that will meet the growing needs of staff and students. This includes maintaing servers, printers, network equipment, telecommunications, internet connectivity, electronic databases, and all core devices.	State: Original Status: Planned	2010- 2013	Technology Department	Review and research technology needs to maintain safe/secure network
	LEALRPT Correlates: I01, I03, I05, I06				
4.2.4:	Keep technology department well informed to meet the ever-changing demands of network design, backup and recovery plans, security and repair.  LEALRPT Correlates: LAS14	State: Original Status: Planned	2010- 2013	Technology Department, NBISD Community Education	Certification of staff, job description updates
4.2.5:	Maintain current level of campus and district level support staff and seek to provide additional support personnel as recommended by TEA.  LEALRPT Correlates: EP09	State: Original Status: Planned	2010- 2013	Director of Technology, Superintendent, Board of Trustees	Number of staff for Technology department/campus tech aides

# **OBJECTIVE 4.3:**

Ensure all new schools are equipped with the technology to fulfill the goals of NBISD.

Budget Amount \$540,000.00

LRPT category: Infrastructure for Technology

E-Rate Correlates: ER01 NCLB Correlates: 03, 04b, 12

Strategies		State/Status:	Timeline:	Person(s) Responsible:	Evidence:
4.3.1:	Install additional telecommunication, network cabling infrastructure for campuses for internal and external access (LAN and WAN)  LEALRPT Correlates: I01, I06, I09	State: Original Status: Planned	2012- 2013	Technology Department	Construction planning and collaboration, scope of work documents
4.3.2:	Plan the purchasing, placement, and distribution of infrastructure at new campuses including servers and routers. Review past school openings and issues and develop best practice for opening a new building.  LEALRPT Correlates: I02, LAS01, LAS02, LAS04,	State: Original Status: Planned	2012- 2013	Technology Department	Minutes from new campus staff meetings, purchase records
4.3.3:	Work with new school staff and administration to plan for technology expectations and implementation before opening.	State: Original	2012- 2013	Technology Department and Campus	New campus technology plans
	LEA LRPT Correlates: I02, LAS01, LAS02	Status: Planned		Administrators	

# **Budget**

Total amount of Title II, Part D formula funds received for the current year of this plan: \$1,800.00

Method of application for formula funds: Local Application

Budget year 2010					
Budget item	Cost	Funding Sources with amount per source			
Staff Development	\$97,011.63	Local 5.65% State 92.49% Title IID 1.86%			
Telecommunications & Internet Access	\$80,083.34	Local 100% (includes eRate)			
Materials & Supplies	\$56,250.00	Local 100%			
Equipment	\$1,584,766.67	Local 96.2% State 3.8%			
Maintenance	\$613,700.00	Local 89.9% State 10.1%			
Miscellaneous Expenses	\$0.00				
Total	\$2,431,811.64				

Budget year 2011					
Budget item	Cost	Funding Sources with amount per source			
Staff Development	\$95,520.90	Local - 6.1% State - 93.9%			
Telecommunications & Internet Access	\$346,749.83	Local 100% (eRate included)			
Materials & Supplies	\$56,250.00	Local - 100%			
Equipment	\$661,766.67	Local - 90.89% State – 9.11%			
Maintenance	\$614,200.00	Local - 89.9% State – 10.1%			
Miscellaneous Expenses	\$0.00				
Total	\$1,774,487.40				

Budget year 2012					
Budget item	Cost	Funding Sources with amount per source			
Staff Development	\$95,520.90	Local - 6.1% State – 93.9%			
Telecommunications & Internet Access	\$861,749.83	Local 100% (eRate included)			
Materials & Supplies	\$56,250.00	Local - 100%			
Equipment	\$641,775.92	Local - 90.6% State – 9.4%			

Maintenance		Local - 89.9% State – 10.1%
Miscellaneous Expenses	\$0.00	
Total	\$2,269,496.65	

# **Evaluation**

#### **Evaluation Process:**

Evaluation of the Technology Plan will be a systematic ongoing process. All aspects of the Plan will be evaluated formally once each year by the District Technology Committee. The intention of the evaluation will be to make decisions on the impact the

technology has on the learning process for all students. A report will be given to the Superintendent and the Board of Trustees after each formal evaluation occurs. The Director of Technology currently updates the school board yearly in public board meetings on the progress made toward the goals of this plan.

#### **Evaluation Method:**

New Braunfels ISD's STaR Chart results for each campus will be used to help assess its progress toward meeting the goals of the Long Range Plan for Technology.

Other methods used for evaluation will include:

- •The use of the Texas Teacher STaR Chart as required by the state of Texas.
- •Records of staff member participation in technology training monitored by sign-in sheets and teacher professional development records using the Unicorn Learning Community professional development management system.
- •Integration of training into the classroom as measured by lesson plans and number and type of technology, distance, and collaborative and telecollaborative learning projects, and the number of teachers who are awarded TIER III technologies.
- •Monitoring and documentation of community access to technology resources and information on the campuses and on the web site.
- •Surveys of teachers, principals, and students.
- •Yearly inventory of hardware and software.
- •Support and maintenance of technology as documented by technical support records using our Service Database System.
- •Student achievement reporting.

# **Appendix**

#### Attachment item B:

Student and Teacher Acceptable Use

Web site: http://www.tasb.org/policy/pol/private/046901/pol.cfm?
 DisplayPage=CQ(LOCAL).html&QueryText=ACCEPTABLE%20USE

NEW BRAUNFELS ISD does not discriminate on the basis of sex, disability, race, color, age, or national origin in its educational programs, activities, or employment as required by Title IX, Section 504 and Title VI.
