The Law

The most recent law affecting Title I is ESSA, Section 1116(d). The law requires:

- School districts to have a written parent and family engagement policy;
- Parents to be involved in the planning, implementation, and evaluation of Title I programs;
- Parents to be consulted regarding home-school activities and provided with training and resources to help support their children;
- Activities and information to be provided in a language understood by the majority of Title I parents.

Purpose

The Title I program is designed to meet the needs of all students attending Voss Farms Elementary. Title I programs are also designed to improve educational opportunities for students who are not yet meeting academic expectation and to further help them to:

- Succeed in the regular instructional program;
- Achieve grade-level proficiency; and
- Improve their performance in both basic and advanced academic skills.

Title I funds help support our school district by providing additional staff and educational services. If you would like to receive more information, please contact Orphalina Bazan at 830-608-5800.
